ELECTION REPORT

**ELECTIONS TO THE MUNICIPAL BODIES
IN HARYANA
HELD IN THE YEAR – 2010**

STATE ELECTION COMMISSION, HARYANA

PREFACE

This is the third issue of the election report on elections to the Municipal Bodies in the State, being brought out by the State Election Commission, Haryana. The report is on the Fourth Municipal General Elections, 2010 held in two phases in the months of May and December, 2010. In the first phase, the elections were held on May 20, 2010 to 35 wards of Municipal Corporation, Faridabad, 266 wards of 10 municipal councils and 436 wards of 28 municipal committees. In the second phase, the elections were held on December 19, 2010 to 62 wards of 2 municipal councils and 13 wards of one municipal committee.

This report is unique in several ways. It gives statistics relating to several attributes of contesting candidates, such as age, sex, political affiliation, educational qualification and occupation, municipality-wise as well as sex-wise total number of voters, and votes polled. It is for the first time that such a huge data on several aspects of election has been collected, compiled, analysed and presented in an easy to read and comprehend format.

The State Election Commission, Haryana is a constitutional body responsible for the conduct and supervision of elections to the Urban Local Bodies (Municipal Committees, Councils and Corporations) in the State of Haryana. The Commission has taken numerous steps to simplify the process of conducting elections in the State. For the first time, Electronic Voting Machines were used in the Municipal General Elections. In addition, Information Technology tools were used extensively with a view to bringing transparency in the system.

I hope that the present report would prove to be a valuable asset for the field officers, especially Deputy Commissioners, Revising Authorities, Inspectors General of Police, Police Commissioners, District Superintendents of Police and other officers, as important guidelines with minute details have been incorporated in the various chapters of the report. The report shall also be useful for scholars of universities, colleges and research institutions, who may be interested in grass-root democratic processes in urban areas.

For the benefit of the public, the report has also been hosted on the Commission's website, www.secharyana.gov.in.

For successful organization of the Fourth Municipal General Elections, I would like to put on record my appreciation of the assistance rendered by all the officers and staff of the State Election Commission and also field officers especially Inspectors General of Police, Police Commissioners, Deputy Commissioners, Superintendents of Police, Sub-Divisional Magistrates, City Magistrates and supporting staff of various field offices.

This unique document could not have been prepared without the whole hearted assistance and hard work of the officers and staff of the State Election Commission in general and in particular, Mr. Deep Chand, Deputy Director (Retired), Department of Economic & Statistical Analysis, Haryana, whose services were specially taken for the purpose.

The Commission would welcome feedback from readers and users of the report for making improvements while bringing out similar reports in future.

Chapter-1

INTRODUCTION

- 1.1 Elections play an important role in a democratic set up and are its lifeline. It is only through the elections that the true wishes and the will of the people in the matter of choosing their representatives is reflected and the aims of democracy realized. The conduct of elections in a free, fair, transparent and impartial manner is, therefore, imperative and assumes significance especially in the context of proper functioning of grass root local bodies.
- 1.2 In Article-40 of Constitution of India, under Part IV-Directive Principles of State Policy, there is a special provision relating to 'Panchayats', which provides that the State shall take steps to organize 'Village Panchayats' and endow them with such powers and authorities as may be necessary to enable them to function as units of self-government. In pursuance of this constitutional provision, the State Governments had enacted laws for establishing 'Village Panchayats' and Panchayati Raj Institutions at the Block and District level.
- 1.3 In view of several defects in the legal framework and shortcomings in their functioning, the "Panchayats" were not able to live up to the expectations of the people as well as the founding fathers of the Constitution. It was, therefore, felt that the basic and essential features of the Panchayati Raj Institutions, such as certainty of tenure, continuity and, financial and administrative authority, should be provided Constitutional safeguards. For this purpose, the Constitution was amended by the Constitution (Seventy Third) Amendment Act, 1992. After the ratification by the requisite number of State Legislatures, it came into force with effect from April 24, 1993.
- 1.4 Like Panchayati Raj Institutions, municipal committees, councils and corporations had also become weak and ineffective as institutions of local self government in towns, cities and metropolitan areas. Elections of municipal bodies were not held on a regular basis and several municipalities were superseded and remained in the administrative control of bureaucracy for a very long period. Neither proper devolution of funds was made available to them, nor the required administrative and financial powers delegated to them.
- 1.5 Therefore, along with the Constitution (Seventy Third) Amendment Act, 1992 relating to the 'Panchayats', the Constitution (Seventy Fourth) Amendment Act was also passed in the year 1992 for providing similar constitutional guarantees in relation to the functioning of Municipalities on the lines provided for the 'Panchayats' in the Seventy Third Constitutional Amendment. This Act came into force on June 1, 1993.

- 1.6 One of the most significant features of the Constitution (Seventy Third) Amendment Act, 1992 and the Constitution (Seventy Fourth) Amendment Act, 1992 is constitution of an autonomous body “State Election Commission” in various States for conducting elections to the Panchayati Raj Institutions (PRIs) and Urban Local Bodies (ULBs), identical to the Election Commission of India.
- 1.7 In pursuance of the provisions of Article 243K and 243ZA of the Constitution of India, the superintendence, direction and control of the preparation of electoral rolls for, and the conduct of, elections to municipalities has been vested in the State Election Commission. Holding of regular elections to the urban local bodies at an interval of every five years without break is also one of the important features of the Seventy Fourth Constitution Amendment. Another important feature of this Constitutional amendment is “reservation of seats and offices” including those of Chairpersons of such bodies for the weaker sections; such as the Scheduled Castes, Scheduled Tribes and Women, especially that of reserving not less than 33% seats and offices for the Women. After the Constitution (Seventy Fourth) Amendment Act, 1992, it is not possible for the State Governments now to enhance the life of the elected bodies beyond the period of five years even by enacting any law and also to postpone their elections.
- 1.8 Pursuant to the Constitution (Seventy Fourth) Amendment Act, 1992, the State amended the Haryana Municipal Act, 1973 by Act 3 of 1994, relating to the municipal councils and municipal committees to make it compatible with the Constitution (Seventy Fourth) Amendment Act, 1992, be that in terms of representation of weaker sections in the respective bodies and their Chairpersons, or be it for completion of election before the expiry of their term.
- 1.9 The Faridabad Complex (Regulation and Development) Act, 1971 was repealed and a new Act for the municipal corporations in the State was enacted with the name of “the Haryana Municipal Corporation Act, 1994”. All the necessary provisions contained in the Constitution (Seventy Fourth) Amendment Act, 1992, so far as it related to the matters of constitution and composition of the municipalities and their wards etc., reservation of seats, duration of municipalities, disqualification of members, powers, authorities and responsibilities of municipalities, power to impose taxes by, and funds of municipalities, Finance Commission, audit of accounts of municipalities, elections of municipalities, committee for district planning, bar to interference by Court in the electoral matters etc., were incorporated in the Haryana Municipal Corporation Act, 1994. Necessary provisions on the above matters were also inserted in the Haryana Municipal Act, 1973 by Act 3 of 1994.
- 1.10 The State Election Commission in the State of Haryana was constituted with effect from November 18, 1993, vide State Government’s Notification

No.SO.101/Const/Art.243K/243ZA/93 dated 18.11.1993. Since then, the Commission has conducted four municipal general elections in the years 1994, 2000, 2005 and 2010. This report is on the Fourth General Elections held in the year 2010.

Fourth Municipal General Elections, 2010

- 1.11 The Fourth Municipal General Elections, 2010 were held in two phases to Municipal Corporation, Faridabad, 12 Municipal Councils and 29 Municipal Committees. In the First Phase, elections were held on May 20, 2010 to Municipal Corporation, Faridabad, 10 Municipal Councils and 28 Municipal Committees. The election to Municipal Corporation, Faridabad was due on May 24, 2010 and to 10 Municipal Councils and 28 Municipal Committees, they were due on April 24, 2010. During the Second Phase, elections were held on December 19, 2010 to Municipal Council, Bhiwani and Kaithal and Municipal Committee, Uchana. The elections to Municipal Council, Bhiwani and Kaithal, were due on September 4, 2010 and to Municipal Committee, Uchana on November 23, 2010. A list of Municipalities for which elections were held, is given in Table 7.1 of Chapter 7. The election to Municipal Council, Rewari was also due in August, 2010 but it could not take place as while hearing CWP 12787 of 2010, the Hon'ble Punjab and Haryana High Court had directed not to take any further action in the matter till the decision of the Court. In the remaining Municipal Councils and Municipal Committees of the State, the elections are due in the years 2012, 2013 and 2014.
- 1.12 The State Government had vide Notification no. 18/1-7/2010-3CI dated 17.03.2010 constituted seven more Municipal Corporations of Rohtak, Panchkula, Yamuna Nagar, Ambala, Panipat, Karnal and Hisar. This decision was challenged except in case of Rohtak in the Hon'ble Punjab and Haryana High Court. The Hon'ble High Court set aside the constitution of Municipal Corporation, Panchkula. The Government filed a SLP in the Hon'ble Supreme Court of India, which stayed the operation of the order of the Hon'ble High Court. For the remaining Corporations, the case is still pending in the High Court. The work relating to delimitation of wards of Municipal Corporation, Rohtak is in progress. The limits of the Municipal Corporation, Gurgaon were changed by incorporating certain areas. Consequently there was a need for fresh wardbandi. After the wardbandi was carried out, a programme for preparation of electoral rolls of Municipal Corporation, Gurgaon was issued by the Commission vide its Notification No. SEC/2ME/2011/367, dated 18.01.2011 followed by No.SEC/2ME/2011/ 525, dated 22.02.2011 and No.SEC/2ME/2011/ 633, dated 17.03.2011. In accordance with the programme, the Deputy Commissioner, Gurgaon had published the final electoral rolls on April 5, 2011 and thereafter, the elections were held on May 15, 2011.

1.13 As stated above, this report relates to the Municipal General Elections held in the year 2010.

Chapter-2

STATE ELECTION COMMISSION, HARYANA

- 2.2 The provisions relating to the status and powers of the State Election Commission in Article 243K and 243ZA are analogous to that of the Election Commission of India provided under Article 324 (1) of the Constitution of India. The only difference in the two provisions is that the State Election Commission has been entrusted with the responsibility for the preparation of electoral rolls for, and the conduct of, all elections to the Panchayati Raj Institutions and Municipalities under Articles 243K and 243ZA, whereas the Election Commission of India has been assigned the responsibility for the preparation of electoral rolls for, and the conduct of, all elections to Parliament and to the Legislatures of every State and of elections to the offices of President and Vice President of India. In order to ensure that the State Election Commission functions as an independent Constitutional body outside the control of executive to enable it to conduct the elections to the panchayats and municipalities in a free and fair manner, the concept of independence has been made explicit in the provisions of Article 243K(2), which provides that the State Election Commissioner shall not be removed from his office except in the like manner and on the like grounds as the Judge of a High Court and the conditions of service of the State Election Commissioner shall not be varied to his disadvantage after his appointment. Chapter-4

ELECTORAL ROLLS

- 4.1 In accordance with Article 243ZA of the Constitution of India, the superintendence, direction and control for preparation of electoral rolls of the municipalities and for conduct of elections of the municipalities in the State vests in the State Election Commission.
- 4.2 Electoral rolls commonly known as voters list are the basic document on which the entire electoral process rests. When the constituencies of the municipalities are called upon to elect their representatives to the municipalities, it, in fact, means calling upon the persons residing in these municipalities and enrolled in the electoral rolls of the municipalities to elect their representatives. Therefore, the preparation of electoral rolls as accurate and defect-free as is humanly possible is extremely important for conduct of fair and free elections. For doing so, it needs to be ensured that the names of all eligible electors i.e. voters are included in the electoral rolls of municipalities and the names of all ineligible persons excluded there-from. The revision/updating of electoral rolls of the municipalities from time to time allows the younger persons on attaining the minimum prescribed age to get their names included in the rolls and all other eligible persons shifting or migrate to the municipal areas, after the last revision, to get their names included in the rolls. In the intensive revision of the rolls, door to door surveys are undertaken to delete from the rolls, the names of all the persons who had expired and also of those who have shifted or migrated out of the municipal limits and also to include the names of all eligible persons whose names could not be included during the last revision. It has nevertheless to be conceded that no electoral roll can ever be perfect and totally error free at all times. Therefore, some marginal errors can not be ruled out. Even the Supreme Court in the case of Lakshmi Charan Sen V/s AKM Hassan Uzzman and others (known as West Bengal Electoral Rolls) had observed that the perfect roll is not possible. But this does not mean that at the time of updating and revising the rolls, efforts should not to be made to remove the shortcomings in the electoral rolls. It was mainly for realising the importance of preparing defect-free electoral rolls that it has been provided in the Constitution that not only the conduct of election but also the preparation of electoral rolls is entrusted to an independent body like the Election Commission.
- 4.3 **Legal Provisions** - Rules 3 to 17 of the Haryana Municipal Election Rules, 1978 and Rule 3 to 19 of the Haryana Municipal Corporation Election Rules, 1994 lay down procedure for the preparation/revision, correction, custody and preservation of the electoral rolls of municipalities.

- 4.4 The 1978 Rules provide that the Deputy Commissioner shall, under the superintendence, direction and control of the State Election Commission, cause to prepare the electoral rolls for each constituency of the committee in accordance with these rules. For this purpose the Deputy Commissioner may appoint any Gazetted Officer to be Revising Authority for the purpose of hearing claims and objections relating to the rolls. The rules provide that the rolls are to be prepared in Hindi or in such other language(s) and in such form as the State Election Commission may direct. The Commission has decided that electoral rolls should be prepared in Hindi language.
- 4.5 The minimum age prescribed for registering the name in the municipal rolls is 18 years on the qualifying date i.e. First day of January of the year in which the rolls are prepared and revised.
- 4.6 **Punishment for Making False Declaration** - Section 13C of the Haryana Municipal Act, 1973 relates to punishment for making false declaration.
- If any person makes a false declaration in connection with
- (a) the preparation, revision or correction of an electoral roll or
 - (b) the inclusion or exclusion of any entry in or from an electoral roll,
- a statement or declaration in writing, which is false and which he either knows or believes to be false or does not believe to be true, he shall be punishable with imprisonment for a term which may extend to one month, or with fine which may extend to one thousand rupees, or with both.

Fourth Municipal General Elections, 2010

- 4.7 For preparation of electoral rolls for the Fourth Municipal General Elections, 2010, the Commission for the first time decided to prepare the electoral rolls on the basis of the latest Assembly Electoral Rolls by adding the ward numbers of the municipality in the data base at the district level with the help of software developed by National Informatics Centre (NIC). The latest electoral rolls were prepared and published by the Chief Electoral Officer Haryana with January 1, 2009 as the qualifying date.
- 4.8 Before notifying the programme for preparation of the electoral rolls, the State Election Commissioner held meetings (video conference) with the Deputy Commissioners on January 14, 2010 and January 29, 2010. The following decisions were taken in the meetings:-
- 4.8.1 The work of preparation of voter list/electoral roll will be carried out with the help of NIC by using data base of Assembly electoral rolls without image.
 - 4.8.2 While preparing the master copy of the voter list/ electoral roll of PRIs/municipalities, data entry of rolls shall be made in such a manner that 40 names on the title page in case PRIs and 50 names in case of municipalities of voters/electors with heading extra in double columns and 100 names on the subsequent pages on white paper of A4 size have been adjusted.

- 4.8.3 The Deputy Commissioners were allowed to get the printing of 30 copies of voter list/ electoral roll of PRIs/municipalities @ 0.66 paisa on both sides of the page either from empanelled two firms of the Election Department Haryana or from the local printers.
- 4.9 As the General Elections, 2010 were held in two phases on May 19, 2010 and December 20, 2010, the work relating to preparation of voter list/electoral roll was also carried out in two phases.

First Phase of Elections

- 4.10 **Municipal Corporation, Faridabad** - The programme for the preparation of electoral rolls of Municipal Corporation, Faridabad, the elections to which were to be held during First Phase of the Fourth Municipal General Elections, 2010, was issued vide Notification No.SEC/2ME/2010/57, dated 23.01.2010 followed by another notification dated 26.02.2010. The rolls were to be finally published on March 22, 2010. The electoral rolls were prepared on the basis of the Draft Assembly Electoral Rolls finally published on January 22, 2009 with reference to January 1, 2009 as the qualifying date.
- 4.11 To facilitate the public to ascertain their status in the electoral rolls, the draft electoral rolls as well as final electoral rolls with search facility were hosted on the website of the District Administration.
- 4.12 **Municipal Councils and Committees** - The Commission, vide its Notification No.SEC/2ME/2010/29, dated 23.01.2010 and followed by another notification dated 27.02.2010, issued the programme for preparation of electoral rolls of all the wards of 10 municipal councils and 28 municipal committees as mentioned in Table 7.1 of Chapter 7 in the State on the basis of Assembly Electoral Rolls finally published on January 22, 2009 with reference to January 1, 2009 as the qualifying date. The final publication of the electoral rolls was to be made by March 22, 2010.

Authentication of Electoral Rolls

- 4.13 According to the programme for preparation of electoral rolls prescribed by the Commission, the electoral rolls of Municipal Council, Thanesar were required to be published on March 22, 2010. According to the final publication of the electoral rolls of Municipal Council, Thanesar, there were 1,14,133 voters. In this regard, a complaint was received in the Commission stating that five months ago, when the Election Commission of India had conducted the Vidhan Sabha Polls, Municipal Council, Thanesar had about 63,000 voters, whereas during the short span of five months, this figure had become 1,13,000, which was not possible. The Deputy Commissioner was asked to enquire into the matter and submit a report. On the basis of enquiry of the complaint, the Deputy Commissioner informed that there were 70,436 voters in the Municipal Council, Thanesar

in the year 2005 when the last election of the Municipal Council was held. During the door to door survey of Municipal Council, Thanesar, conducted in the year 2010, 89,534 voters were registered in the draft electoral rolls. Subsequently, after exhausting the entire process for the preparation of electoral rolls, the number of voters increased to 90,710 and not 1,14,133 registered earlier, the list of which was published by the Authorities concerned on 05.04.2010 and hosted on the website of the District Administration. The Deputy Commissioner further informed that the Executive Officer and the Secretary of the Municipal Council, Thanesar got the electoral rolls uploaded on the website on March 22, 2010 at their own level, however, the same had not been actually published as neither the final electoral rolls were got approved by the Revising Authority nor by the Deputy Commissioner. After the data had been hosted, the Deputy Commissioner got complaints regarding the electoral rolls. Immediately the directions were issued to the SDO(C) to ascertain the reasons as to how the data was hosted on the website without the approval of the competent authority and to enquire into the facts relating to erroneous data.

- 4.14 The Deputy Commissioner further informed that the votes of Thanesar Assembly Constituency pertaining to the Municipal Council had been bifurcated and again added inadvertently into 31 different wards of the municipality by the Executive Officer and Secretary, Municipal Council, Thanesar, whereas there was no rationale for doing so as it had already been considered during the door to door survey prior to the draft publication. Even at this level, a few existing votes in the draft publication of electoral rolls had been excluded and did not find mention in the electoral rolls and ineligible voters/ of other wards voters have been added. He further opined that the final electoral rolls hosted on the website on March 22, 2010 are erroneous, invalid and illegal. The matter was considered by the Commission and directed that the Deputy Commissioner Kurukshetra shall make publication of final electoral rolls of the Municipal Council, Thanesar in the manner as prescribed by the Commission in its Notifications No.SEC/2ME/2010/29, dated 23.1.2010 and No.SEC/2ME/2010/401, dated 27.2.2010 i.e. based on draft publication and the orders of Revising Authority on the appeal the claims and objections and the orders of Appellate Authority on the appeals against the decisions of the Revising Authority on 05.04.2010. Executive Officer and the Secretary of the Municipal Council, Thanesar were held responsible for lapses and irregularities and were placed under suspension. Besides, they were also debarred from handling any Municipal and Panchayat election work.
- 4.15 Keeping in view the above complaint, the Commission vide its letter dated March 24, 2010 directed all Deputy Commissioners concerned to send the information about the number of voters in Municipal Elections, 2005, draft

publication and final publication of voters, 2010, and further the difference of the voters between the draft voters and final voters of the municipality concerned. From the information received in response to it, the Commission had observed that there was substantial increase in the number of electors in a few Urban Local Bodies, compared to the electors in the year 2005. A reference dated March 25, 2010 was also received from Deputy Commissioner, Faridabad in which it was stated that there were 6,29,155 electors in Municipal Corporation, Faridabad during General Elections, 2005, 8,69,034 in the draft electoral rolls, 2010 and 9,05,829 in the final electoral rolls published on March 22, 2010. The Commission vide its letter dated 26.03.2010 directed the Deputy Commissioners concerned to examine the matter and send a report whether the voters list are in order and there is no discrepancies such as duplicate voters etc. and the names of genuine voters are included in the list. In response to Commission's letter dated 26.03.2010, Deputy Commissioner, Faridabad vide his letter dated 06.04.2010 had informed that during physical verification of 7 wards of the Corporation where there was substantial increase in the number of voters, it was found that out of 65,959 electors, 1896 were double entries, 1,537 were dead persons, 6,962 had shifted and whereabouts of 5,381 were not known and only 50,183 electors were found present. The Deputy Commissioner was advised to take action in the matter under Rule 13 of the Haryana Municipal Corporation Election Rules, 1994. The Commission observed that there had been lapses, dereliction of duties and acts of omission and commission on the part of officers/officials because of which a very large number of ineligible persons were enrolled as electors in the electoral rolls. The State Government was requested to get an enquiry in the case by the Divisional Commissioner, Gurgaon.

Second Phase of Elections

- 4.16 In the Second Phase of General Elections, the Commission, vide its Notification No.SEC/2ME/2010/3192, dated 06.10.2010, issued the programme for preparation of electoral rolls of all the wards of Municipal Councils of Bhiwani and Kaithal and Municipal Committee Uchana on the basis of Assembly Electoral Rolls finally published on September 15, 2010 with reference to January 1, 2010 as the qualifying date. The final publication of the electoral rolls was to be made by November 20, 2010.
- 4.17 On the basis of the experience gained in respect of the preparation of voters list during the First Phase of the general elections, it was decided to make the process of preparing electoral rolls more efficient, transparent and people friendly during the Second Phase of general elections which were to be held on December 19, 2010. For this purpose following decisions were taken:-
- 4.17.1 Draft voters list should be placed on website with search facility,

- 4.17.2 Set up a few internet enabled facilitation centers (Voters' Information & Collection Centers) for giving information about Voter No./Ward No. etc. to the public. They would also receive claims and objections. As and when any person submits his claim/objection, the collection centre would give him receipt bearing number and date. After decision on his claim and objection, he can see the decision on the internet or get information from collection centre about the status of his claim/objection.
- 4.17.3 All forms relating to claims and objections etc. should be made downloadable.
- 4.17.4 Electoral rolls of the municipalities should be prepared with photo images on electoral rolls after adding the wards of the municipalities in the list of the Assembly Electoral Rolls.
- 4.17.5 Electoral rolls would be made with photo images as the Election Commission has agreed to share the databases of electoral rolls of assembly with photos.
- 4.18 Guidelines for becoming voter first time, for lodging objections and for seeking correction of any entry in the Electoral rolls were issued by the Commission vide letter No. SEC/2ME/2010/3220-22 dated 13.10.2010. These guidelines are also available at the Commission's website.
- 4.19 Accordingly, 2, 4 and 2 Voter Information & Collection Centres (VICCs) were set up in the municipalities of Bhiwani, Kaithal and Uchana respectively. With the introduction of VICC, it was observed that the voters ratio has increased and complaints ratio minimized.
- 4.20 **Electoral Photo Identity Cards** - In exercise of powers conferred under Rule 15A of the Haryana Municipal Election Rules, 1978 and the Haryana Municipal Corporation Election Rules, 1994, the State Election Commission, Haryana directed that all electors of Municipal Corporation, Faridabad, 12 municipal councils and 29 municipal committees, who have been issued the Electoral Photo Identity Cards (EPIC) for Assembly and Lok Sabha Elections would be required to produce these cards as a proof of their identity to exercise their franchise. The numbers of EPIC have been mentioned in electoral rolls. If any elector has not been issued Electoral Photo Identity Card by the Election Commission of India, he/she will have to produce any one out of the documentary evidences as given in the Notification No. SEC/1ME/2010/1562 dated 06.05.2010 and No. SEC/1ME/2010/3440 dated 29.11.2010 to establish his/her identity. In case an odd electoral who does not have any of the cards as given in the above notification, would be allowed to vote if he/she is able to establish his/her identity to the satisfaction of the Presiding Officer and such other Polling Officer authorized by the Presiding Officer in his behalf.

Chapter-5

PRINTING OF BALLOT PAPERS AND ELECTORAL ROLLS

- 5.1 Under the traditional system, voting takes place by means of ballot papers and ballot boxes. In this system, counting of votes is a very complex, laborious and time consuming process, which sometimes leads to chaos and law and order problems. All such problems were totally eliminated during the General Elections, 2010, as the State Election Commission decided to hold all the municipal elections with electronic voting machine. The use of EVMs is allowed under Sub-section 1A of Section 275 of the Act, 1973 and Section 23A of the Act, 1994.

Chapter-6

POLLING STATIONS AND POLL PERSONNEL

Polling Stations

- 6.1 **Legal Provisions** – According to Rule-34 of the Haryana Municipal Election Rules, 1978, the Returning Officer shall provide such number of polling stations as he may deem necessary and shall on the dates specified under Rule-19 in this behalf, post at his office and at the office of the committee, a list showing the polling stations so provided, the polling area or the group of voters for which they have respectively been provided and the hours during which they shall remain open for the poll. It also provides that the Returning Officer shall appoint a Presiding Officer for each polling station and such number of Polling Officers, as are considered necessary. In the booklet of instructions for the Returning Officers regarding conduct of elections, it has been provided that a list of proposed polling stations would be sent to the Commission and after approval of the Commission, the Returning Officer shall post the list at his office and at the office of the concerned municipality and such other conspicuous place as he may deem necessary. Accordingly, when the programme for election is issued, the Returning Officers are simultaneously requested to send a list of proposed polling stations. Normally one polling station is provided for about 1,000 voters.
- 6.2 Instructions were also issued by the Commission that the polling stations should be set up in such a manner that ordinarily, no voter is required to travel more than two Kilometers to reach the polling station and also that no polling station should be located in a Police Station, Hospital or a building having religious significance. The Deputy Commissioners were advised that the polling stations should preferably be located in the buildings of Government schools, Government aided recognized schools, Government offices and Semi-Government offices, as the furniture and equipments required in the polling station would be available there and can be used without any extra cost. The Deputy Commissioners were also advised that locating the polling station in private buildings and premises should, as far as possible be avoided. However, if no suitable Government building, Semi-Government building/office, Government school and Government aided recognized school is available, then the polling station may be located in private buildings also but in that case, it should be ensured that there is no undue influence on the voters because of locating the polling station in the private building.
- 6.3 **Drafting of Polling Personnel for Election Duty – Randomization of Polling Personnel** - Since the duties discharged by the polling personnel are vital in the conduct of elections, sufficient care is needed to draft and

deploy such personnel in the interest of free and fair election and accordingly, the Commission issued the following directions vide letter No.SEC/1ME/2010/ 1808-28, dated 11.05.2010 for the formation of polling parties:-

- (i) A district database, Deputy Commissioner-wise of all eligible poll personnel shall be maintained in an electronic form, which can facilitate computerized randomization. All relevant particulars like Name, Sex, Place of Residence (Municipality), Work Place, Home Municipality, Designation, Office and Department/Institution should be entered.
- (ii) Presiding Officers and Polling Officers are to be classified on the basis of scale of their pay, post and rank. As far as practicable Gazetted Officers will be deployed as Presiding Officers and failing that, officials who are working in supervisory capacity only should be deployed as Presiding Officers. The Presiding Officer should be of higher scale / grade in comparison to other Polling Officers of that formation.
- (iii) No person will be assigned polling duties in the ward of municipality in which he is posted or in which he resides.
- (iv) In order to avoid any allegation of collusion among the polling personnel in favour of any candidate or political party and to instill confidence in the minds of political parties and candidates about free and fair elections, proper mix of polling personnel drawn from different offices and departments at the time of formation of a polling party should be ensured. Two officials of the same serial group/category should not be put together. Further, two members of the polling party should not be from the same department. In case of school teachers, they should not be from the same school.
- (v) Polling personnel should be drawn both from the State Government departments as well as the Central Government offices. As far as practicable Central Government employees should be drawn to the extent possible and may be posted at relatively more sensitive polling stations. The Central Government employees should be mixed with State employees on 50:50 basis, if available.
- (vi) Deputy Commissioner/Returning Officer should obtain a complete database of officers eligible for polling party duties from respective authorities. All relevant information should be entered into an electronic database of the computerized randomization application software approved already available with NIC which was used in General Elections of Vidhan Sabha.
- (vii) From this database of officers, a list of twice required number of polling persons should be generated (including reserve) randomly, using the software. This is the first of the three-stage randomization process. Presence of observers is not required at this stage. It

should be noted that this randomized list is Deputy Commissioner-wise and not at any other level like subdivision, tehsil, block, municipality etc. This is only to identify and select the officials that would be given training for poll duties as Presiding and Polling Officers in whichever municipality of that district. In no case, at this stage, the identity of the municipality to which the polling personnel are likely to be deployed will be known. All that the polling personnel will know at this stage is whether he (or she) is a Presiding Officer or a Polling Officer and the venue and time of trainings.

- (viii) The second stage of randomization exercise should be done in the presence of the Observer concerned. The name of proposer Sanjay Kumar is at Sr. No. 1366 in the voters list, whereas it is mentioned 1358 in the nomination paper. The scrutiny took place on May 8, 2010. Her nomination was rejected by the Returning Officer, Shri D. P. Singh, HCS, City Magistrate, Hisar cum Returning Officer, MC, Barwala on the ground that voter numbers of both the candidate Angrejo Devi and the proposer Sanjay Kumar were wrongly mentioned in the nomination form. Aggrieved with order of the Returning Officer, the petitioner filed a writ referred to in para 1 above.

3. Angrejo Devi was represented by Sh. Manjeet Singh, Advocate supported by Sh. Anshu Chaudhary, Advocate. There are four candidates in the fray for the election of Ward No 1. They were present but not represented by any legal counsel. Instead, they argued their case themselves. Sh. D. P. Singh, HCS, City Magistrate, Hisar cum Returning Officer, MC, Barwala also argued the case himself.
4. Ld. Counsel for Angrejo Devi argued that both Angrejo Devi and proposer Sanjay Kumar are voters and their names figure at Sr. No. 1375 and 1366 respectively in the final voters list. Their names were at Sr. No. 1348 and 1358 respectively in the draft voters list. Some objections were made against a few entries in the draft list, which were ordered to be corrected, which changed the serial numbers of their entries in the final voters list. Angrejo Devi and Sanjay Kumar had mentioned in the nomination form the serial numbers as they appeared in the draft list. This error was not intentional and could be got corrected by the Returning Officer or Assistant Returning Officer, when the nomination paper was presented to them, but it was not done. Besides, this being a clerical mistake could also be overlooked. He argued that both Angrejo Devi and Sanjay Kumar are voters and their identity has not been questioned. He further argued that her case is fully covered by the provisions of rule 23(5) and 27(4) of Haryana Municipal Election Rules, 1978, which are reproduced as under:-

“23(5) - On the presentation of a nomination paper, the Returning Officer shall satisfy himself that the names and electoral roll numbers of the candidate and his proposer as entered in the nomination paper are the same as those entered in the roll:

Provided that the Returning Officer may

- (a) permit any clerical error in the nomination paper in regard to the said names or numbers to be corrected in the order to bring in conformity with the corresponding entries in the roll, and

(b) where necessary, direct that any clerical and printing error in the said entries shall be overlooked.”

“27(4) - No nomination shall be rejected under clause (d) of sub rule (2) if a summary enquiry is sufficient to establish the identity of the candidate or the proposer.”

Ld. Counsel for the petitioner also cited a judgment dated September 29, 2005 of Apex Court in the case of Ram Bhual vs. Ambika Singh as reported in 2005 (4) R.C.R. (Civil) 331. According to this judgment, rejection of a nomination paper on the basis of a clerical mistake such as incorrect mentioning of voter No. of proposer was not justified and should have been overlooked.

5. The Returning Officer argued that when the nomination paper was presented by Angrejo Devi on May 7, 2010, he, as well as Inder Singh, Naib Tehsildar, Assistant Returning Officer, had noticed that both Angrejo Devi and the proposer Sanjay Kumar had not mentioned their voter numbers correctly. They were verbally advised to make corrections for which she was given full opportunity, but she refused to correct the entries pertaining to the voter numbers. Besides, her husband had been elected member of Municipal Committee a few times earlier and was fully familiar with the rules and procedure of the elections and it was expected that Angrejo filled her nomination paper correctly. He added that Angrejo Devi deliberately did not make correction for the reasons best known to her. He further argued that there was neither clerical mistake in the list nor there was printing error and the argument of the petitioner was after thought. He also stated that the present case is not covered by the rules and ruling cited by the petitioner’s counsel.
6. The two candidates, namely Bala Rani and Hanshu, supported the plea of Angerjo, whereas the other two Babita and Lilo opposed the petitioner on the line of the Returning Officer.
7. I have considered the matter. According to the proviso (a) to rule 23(5), the Returning Officer was competent to get the voter numbers corrected in order to bring them in conformity with the entries in the roll of voters list. He could have also taken action under rule 27(4) and got a summary enquiry conducted. It is not in dispute that names of Angrejo Devi and proposer Sanjay Kumar appear in the voters list. Besides their identity has not been doubted. There is no credible evidence to show that at the time of presentation of nomination papers, she was asked to make correction of the entries relating to voter No. and she refused to do so. The mistake does not appear to be intentional and could have been corrected or overlooked especially when their names appear in the voters list. I am also

of the view that the case of Angrejo Devi is covered by the judgment of the Apex Court cited above.

8. Accordingly, the order of the Returning Officer rejecting nomination of Angrejo Devi is set aside and she be allowed to contest the election as validly nominated candidate.
9. Having allowed the petition, the next issue is allotment of symbol. In this regard, it was proposed that symbol to Angrejo be allotted in accordance with rules, without disturbing the symbols already allotted to the other candidates. None had any objection to this proposition. The Returning Officer should take action accordingly.
10. It is also ordered that a copy each of this order is supplied to all the parties free of cost immediately.

1. to paste a sticker on their vehicle clearly showing that it is being used by Election Observer.
2. that during their stay in the district they should not hesitate to meet and listen the complaints of the representatives of the recognised political parties, candidates and general public etc. and solve on the spot so that the elections could be conducted in a free and fair atmosphere.
3. that during their stay if they receive any kind of complaint regarding threat to the voters or the voters had been deprived of their right to exercise their franchise by threats, observers should go to the troubled spot and analyse the factual position and if they find some truth in these complaints, they should immediately contact the concerned Deputy Commissioner and Police Officers so that suitable legal measures could be taken.

13.8 The Observers (Expenditure) were directed to perform the following functions-

1. that each contesting candidate has maintained day to day account of the expenditure from the date of withdrawal onwards;
2. that account is maintained along with supporting documents/ vouchers and the failure to produce proper accounts by these contesting candidates is to be considered as major default; and
3. to see that all types of expenditures incurred by the candidates such as petrol, postage, printing of pamphlets/ election campaigning material, advertisement in the newspapers, stationery items and any other such expenditure which might have been directly incurred in connection with the election is accounted for.

13.9 **The Observers have given the following Suggestions:-**

- i. The poll should be started at 7.00 A.M.
- ii. Two weeks is long time for campaign as it leads to excessive expenditure. As area is small and number of voters is also small, one week should be more than sufficient time to reach any voter effectively.
- iii. Demarcation of wards should be done on satellite maps with pin point accuracy. Manual survey should also be used to improve the accuracy. Officials should then be given enough time to convert assembly electoral rolls into ward wise

- municipal voters list. Inaccuracy should be dealt with seriously and defaulting officials proceeded against.
- iv. Multiple votes - Duplicity of same name in two different wards should be identified with the help of computer and removed in the interest of fair elections.
 - v. Randomization of police personnel deployment is not done presently.
 - vi. The randomization of polling personnel does not prove to be effective as reserve staff is deployed as per direction of RO/ ARO. It is not done in an alphabetical or serial or random order.
 - vii. Rules 13 and 14 of the municipal elections rules must have time limit for amendment in the voters list. No amendment should be allowed after the first day of nomination of candidates.
 - viii. The role of Expenditure Observer is ineffective as he does not have staff, vehicle, authority and competency. Even registers are not shown to him in many cases.
 - ix. Declaration of holidays under Negotiable Instruments Act is not effectively implemented by the concerned organizations. Even Central PSUs do not close their offices. Something similar to the Representation of People Act is required for strict compliance.
 - x. Defacement of property Act lacks teeth and needs to be amended. Even the present act is not enforced properly. Money power still dictates the course of elections.
 - xi. Better training of polling personnel is needed so that they do not make simple mistakes.
 - xii. Due to deployment of inadequate police force, quite often it becomes very difficult to control crowd at the time of counting where four or more polling stations are located in the same building.
 - xiii. Counting is done without going through Presiding Officer's diary. This may result in wrong or biased decision. Such action may also create law and order problem.
 - xiv. Election Commission may come up with fresh guidelines for ordering recounting with examples. Recounting just for the sake of satisfaction of a few interested persons should not be allowed. Candidates seeking recounting must be asked to state till what point he was satisfied and give sufficient reasons for recounting.
 - xv. There is a need to distinguish between civil administration and police especially in the districts where there is Police Commissioner System.

- xvi. Introduction of EVM is a very good step. In future, all elections of even Panch, Block Samiti and Zila Parishad should be conducted through EVMs only. The cost of purchasing EVMs is fully justified in having trouble-free, error-free, transparent and confidence inspiring elections.
- xvii. Photographs of the voters should be there in the voters list against the names of the voters.
- xviii. Size of font of words of the voters list should be bigger and easily readable.
- xix. Most of the Presiding Officers had an impression that there was no need of a photograph on the form of polling/counting agents. It is better if the photographs are pasted on the forms and the same could be clarified to the polling parties.
- xx. A Form No.18 is filled by the Presiding Officers of the polling party in the wards after the counting is complete. It has two parts as enclosures - Part I and Part II. The Presiding Officers write the details of votes polled and the details of votes secured by all the contesting candidates. The Presiding Officers sign and give part II to the winning candidates without the permission from the Returning Officer concerned. It is suggested that Part II of the Form may not be given to the candidates on the site.
- xxi. On the day of polling, separate police persons need to be deployed for clearing traffic on the main roads where more than five polling booths are situated in a distance of 2,000 meters.
- xxii. In case, the elections are held in the summer months, there should be some provision of "Shamiana" to protect the voters from the sun as most of the voters particularly senior citizens find it difficult to stand in the queue for long under the sun.
- xxiii. Wherever it is possible, the number of voters per polling station should be kept less than 1,000 for smooth conduct of elections.
- xxiv. Wherever there is more than one polling station in one building, there should be sign board showing the direction of a particular polling station.

Chapter-14

1. The police should be asked to be vigilant and start the mopping up operation of the areas infested with known goondas and bad elements about 10 days prior of the poll. During such mopping operation, special attention should be paid to unearth and seize unlicensed arms and ammunitions right from now.
 2. No new arms licenses are issued with effect from April 26, 2010 during First Phase of election and from November 24, 2010 during Second Phase of election, the dates on which model code of

3. An order is issued prohibiting carrying of all licensed fire arms and lethal weapons with effect from April 27, 2010 during First Phase of election and from November 25, 2010 during Second First Phase of election. Further effective steps may also be taken to unearth the un-licensed weapons and seize the same.
 4. Arrangement is made for deployment of police at each polling station and near each polling station and also in sensitive areas.
 5. Adequate wireless sets are provided to improve communication for meeting any Law and Order problem of emergent nature.
 6. Strict vigil may be kept over movement of un-desirable elements and vigorous check may be carried out to prevent men and vehicles moving with arms and ammunition.
 7. Thorough checking of lorries, trucks and other vehicles be carried out for three days before poll and on the poll day etc. to ensure that no undesirable elements or arms ammunition are infiltrated into and around the polling areas.
 8. Restriction on movement of vehicles on poll days may be imposed and instructions may be issued to regulate vehicular traffic and playing of vehicles on poll days.
 9. Sale and consumption of liquor should be stopped two days before the poll, on poll days or a day after the poll otherwise penal action should be taken. The Excise and Taxation Department has also been requested to issue orders in this regard at the appropriate stage.
- 14.5 The Superintendents of Police were also directed to send daily law and order report of their districts and copy of the order for deployment of police force for the conduct of elections.

Chapter-16

COUNTING OF VOTES AND DECLARATION OF RESULT

- 16.1 Counting of votes is the most important stage in the process of election. Under the traditional system of voting by means of ballot papers and ballot boxes, the counting of votes used to be a very complex, laborious and time consuming process. The validity of each and every ballot paper polled at an election was to be decided after proper scrutiny and examination of each such ballot paper. Very often, there were disputes and controversies with regard to the availability or otherwise of a ballot paper and the Returning Officers were to resolve such disputes in respect of large number of ballot papers. All such disputes get totally eliminated by the use of electronic voting machines. The machine records correctly each vote polled by a voter by means of the voting machine and keeps an exact and up-to-date account candidate-wise of each vote so polled. All votes polled by means of voting machines are valid votes and as such there will be no invalid or rejected vote in respect of any polling station where the voting machines have been used. Thus, with the use of electronic voting machines, the process of counting has become accurate, simple, easier and quicker. Besides, it has enhanced the confidence of voters and general public in the election system and the number of disputes has come down significantly.

System of Counting and Compilation of Results and Practice followed

- 16.2 The counting of votes at an election where voting machines are used is regulated by the provisions of rule 70U of the Rules, 1994 or rule 69U of the Rules, 1978 as the case may be.
- 16.3 Rule 70T of the Rules, 1994 or rule 69T of the Rules, 1978, as the case may be, provides for scrutiny and inspection of voting machines before the counting, actual counting of votes recorded in the voting machines and declaration of result and sealing of voting machines after counting.
- 16.4 **Checking Seals on Control Units** - Before the votes recorded in any control unit of a voting machine are counted, the candidates or their election agents or their counting agents present at the counting table are allowed to inspect the outer strip seal, the special tag, the papers seals and such other vital seals as may have been affixed on the carrying case and the control unit and to satisfy themselves that the seals are intact. The Returning Officer also satisfies himself that none of the voting machines is tampered with. If he is satisfied that any voting machine has in fact been tampered with, he shall not count the votes recorded in that machine and follow the procedure laid down in rule 70S of the Rules,

1994 or rule 69S of the Rules, 1978 as the case may be, applicable in respect of the polling station where that machine was used.

- 16.5 **Ascertaining the Result** - After satisfying that the paper seal is intact, the control unit is the same as was supplied at the polling station and there is no tampering with the same, the votes recorded therein are counted. For the result, I button is pressed and the total number of votes recorded for each candidate of the polling station is displayed automatically on the Display Panels of the control unit. The counting supervisor records the number of such votes separately in respect of each candidate in Part II – Result of counting in Form 17 in case of Municipal Corporations and in Form 18 in case of Municipal Councils/Committees.
- 16.6 **Resealing of Voting Machines after Counting** - After the result of voting recorded in a control unit has been ascertained, the same is entered candidate-wise in Part II - Result of Form 17 and in the Final Result sheet in Form 8, for municipal corporation and in Form 18 & 8 for municipal councils/committees. After counting of votes, the control unit is required, under rule 70V of the Rules, 1994 or rule 69V of the Rules, 1978 as the case may be, to be resealed with the seal of the Returning Officer and the seals of such of the candidates or their election agents who may desire to affix their seals thereon. The resealing has however to be done in such a manner that the result of voting recorded in the control unit is not obliterated and the unit retains the memory of such result.
- 16.7 **Safe Custody of Voting Machines** - Under sub-rule (I) of rule 70V of the Rules, 1994 or rule 69V of the Rules, 1978 as the case may be, the voting machines sealed as above are kept in the safe custody of the Deputy Commissioner as per rule 70X of the Rules, 1994 or rule 69X of the Rules, 1978 as the case may be and they are not to be opened or inspected by or produced before any person or authority except under the orders of a competent court. The machines so sealed are retained intact for such period as the SEC may direct and are not to be used for next election without the prior approval of the SEC under sub-rule(1) of rule 70Y of the Rules, 1994 or rule 69Y of the Rules, 1978 as the case may be.
- 16.8 **Sealing of Other Election Papers for ensuring Safe Custody** - Apart from the voting machines, there are several other important election papers which require to be sealed and secured for safe custody and storage. Under rule 70X(1) of the Rules, 1994 or rule 69X(1) of the Rules, 1978 as the case may be, the packets of election papers specified therein are not to be opened and their contents are not to be inspected by, or produced before, any person or authority except under the order of a competent court. Special care has to be taken for the safe custody of these papers. In view of their importance, the papers are also required to be sealed with the seal of the Returning Officer.

- 16.9 Safe Custody of Election Records by Deputy Commissioner -**
Immediately after the declaration of result of the election, on the same day and, in any case not later than the noon of the following day, all the voting machines and the sealed trunk(s) containing the packets mentioned in above paragraph are dispatched to the Deputy Commissioner or the Officer authorized by him at his headquarters and on receipt of the voting machines and the sealed trunk(s), the Deputy Commissioner forthwith arrange to deposit them for safe custody in the Treasury/Sub-treasury under double lock. The key of one of the locks of each trunk is entrusted to the Treasury Officer or an Officer in the Treasury/Sub-treasury authorized under the Treasury Code and the key of the other lock of each trunk is kept by the Deputy Commissioner himself or a senior officer nominated for the purpose by the Deputy Commissioner.
- 16.10 The above mentioned procedure for counting of votes and declaration of result was followed for each and every ward of the municipalities where elections were held during the Municipal General Elections, 2010.

Chapter-17

RESERVATION STATUS

- 17.1 As has been discussed earlier in Chapter-3 on “Delimitation and Reservation,” Section 10 of Haryana Municipal Act, 1973, provides reservation for Scheduled Castes, Women belonging to Scheduled Castes, Women and Backward Classes in the Municipal Councils and Municipal Committees. Similarly, Section 11 of the Haryana Municipal Corporation Act, 1994, provides reservation for the above categories in the Municipal Corporations. In the Fourth Municipal General Elections, 2010, reservation of seats in the Municipal Corporations / Councils / Committees for the above categories has been made by the Government as per the rules made under the above mentioned Acts.

22.2 Analysis relating to Expenditure Incurred during Fourth Municipal General Elections, 2010

- i. During the Third Municipal General Elections, 2005, for which expenditure was incurred during the year 2004-05 and 2005-06, the amount spent on Travailing Allowance, POL and Election Expenses was Rs. 3.49 Lakh, Rs. 3.07 Lakh and Rs. 83.72 Lakh respectively. The total expenditure on these items was Rs. 90.28 Lakh.
- ii. For the Fourth Municipal General Elections, 2010, the expenditure was made during the year 2009-10 and 2010-11. The amount spent on Travailing Allowance, POL and Election Expenses was Rs. 1.27 Lakh, Rs. 3.68 Lakh and Rs. 101.59 Lakh respectively. The total expenditure was Rs. 106.54 Lakh.
- iii. The amount on TA came down to Rs.1.27 Lakh during General Elections, 2010. The decrease was due to the change in the norms of TA paid to the polling staff during the Municipal General Elections, 2010. It was decided to pay honorarium on the pattern of Election Commission of India, to the polling staff instead of TA paid during the Municipal General Elections, 2005. The TA paid during the General Elections, 2005 was at normal rates fixed by the State Government.
- iv. The amount of honorarium paid as TA in General Elections, 2010 has been accounted for under the head "Election Expenses" which has increased to Rs.101.59 Lakh in these elections as compared to Rs.83.72 Lakh, the expenses incurred under this head during the General Elections, 2005. The amount of Rs.101.59 Lakh includes Rs.72.72 Lakh paid as honorarium and Rs.28.87 Lakh paid as election expenses.
- v. The amount of Rs.83.72 Lakh spent as election expenses during the General Elections, 2005 has come down to Rs.28.87 Lakh during General Elections, 2010. The decrease in the election expenses is attributed to the use of EVMs resulting in saving the expenditure on ballot papers and also to the fact that during Municipal General Elections, 2010, the elections in a few municipalities were postponed as being constituted as corporations.
- vi. The total expenditure on Travelling Allowance came out to be Rs.73.99 Lakh (Rs.72.72 Lakh as honorarium + Rs.1.27 Lakh as TA). This amount was just Rs.3.49 Lakh during the Municipal General Elections, 2005.
- vii. There was a marginal increase in the expenditure on POL which has increased to Rs. 3.68 Lakh during General Elections, 2010 as compared to Rs. 3.07 Lakh during General Elections, 2005. This was mainly due to price escalation.
